The Loukia and Michael Zampelas Art Museum

In English / Christianity / In English / Ξένες γλώσσες

Michael Zampelas, together with his wife, Loukia Zampelas, has been collecting and supporting the work of many Cypriot, Greek and foreign artists for over forty years. The turn of the millennium and the couple’s love for the arts fuelled their desire to promote the work of upcoming as well as established artists, and to bring their work to the public. Hence they found-ed the company Zampelas Art to make their dream reality.

An open call for a competition to create a cata-logue of the 100 best Cypriot artists of the 3rd millennium was the first Zampelas Art venture. Art critics from the UK, Italy, Greece and Cyprus studied 500 submitted works and selected 100 of these for inclusion in the catalogue Cypriot Art-ists of the 3rd Millennium, which can be found in museum libraries around the world. Zampelas Art also acquired these works.
