Yoga and the Christian Faith

Ξένες γλώσσες / In English / Ορθόδοξη πίστη

Comment (Tagarakis Christos): In the following text there have been written in *italics* some points that are in contrast with the Orthodox Christian Faith. Moreover they contradict some other points of the present document, which are genuine Orthodox (the latter are emphasized with **bold**). There is in preparation a more extensive commentary on this otherwise very good contribution. The commentary includes suggestions for revision of the inappropriate passages.
