Ruthless and disgusting (Saint Nectarios of Pentapolis)

[Ξένες γλώσσες / In English](#)

Vengeance is the recollection of harm done to us and a desire for revenge. It's a

wicked and tormenting passion, because it rots the soul, as well as clouding and troubling the mind and the heart. It doesn't understand forgiveness or sympathy. Being ruthless and merciless, it demands payback for the harm done. It's a disgusting evil, gestating in a malevolent soul.
