One Good Thought: A Good Word is an Oasis (Edna King)

Ξένες γλώσσες / In English

A bad word makes even good people bad, but a good word turns even bad people into good.

+Saint Macarius the Elder

Our words have so much power, yet it's so easy to say them without thinking.

Have you ever chosen to say something nice when you didn't feel like it? What happened?

Like an oasis in the desert, a kind word can bring forth beauty.

Choose to say something good today and see what comes of it!

Lord, help me to choose good words that help others and reflect Your loving heart.
