But how do they die? (Elder Iakovos Tsalikis)

[Ξένες γλώσσες / In English](#)

We know neither the day nor the hour. This is why, because we're here temporarily as people, let us take care of our soul, which is immortal. People die, but how do

they die? We die, but let's be close to Christ. Let us fight with prayer, with love. My children, today the times are difficult, and the days evil. Therefore let us fight. Unless we struggle, how will we be saved?
