## **He won't abandon you (Elder Iakovos Tsalikis)**

[Ξένες γλώσσες / In English](#)

Be very patient and don't worry, because you're a sensitive person, which is why you have health problems. Make your heart a rugged rock so that you can endure.

God won't abandon you; He'll strengthen and bless you. I'm glad you're thinking about your soul and are concerned about eternal life.
