Baby boy survives for nearly two days after abortion

[Ξένες γλώσσες / In English](#)

A baby boy abandoned by doctors to die after a botched abortion was found alive nearly a day later

The 22-week infant died one day later in intensive care at a hospital in the mother's home town of Rossano in southern Italy.

The mother, pregnant for the first time, had opted for an abortion after prenatal scans suggested that her baby was disabled. ([περισσότερα...](#))
