Without wanting to (Elder Joseph of Vatopaidi)

[Ξένες γλώσσες / In English](#)

Lots of people today go chasing after joy, happiness, and go down roads that aren't clean, but are befouled by the actions of demons. But if 'the Lord God speaks' in

our heart, then we should be quiet. We should turn to our heart, learn to pray the Jesus prayer, cleanse our heart with introversion, and then, without wishing for it, without seeking it, we'll be a 'city built on a hill'.
