

## **Keep the pressure on ieee! Stop cooperation with Turkish illegal occupiers!**

NEW YORK—An intense letter writing protest campaign is being directed at the The Institute of Electrical and Electronics Engineers IEEE a worldwide professional organization incorporated in New York State, with offices in Washington DC and around the world. IEEE is cooperating with the so-called “Eastern Mediterranean University” a pseudo-entity built on the land stolen from Greek-Cypriots by the brutal Turkish-military invasion in 1974.

The protest initiated by CANA (Cyprus Action Network of America) together with the Movement for FREEDOM and Justice and Cyprus, and the Greek-Cypriot refugee association ADOULOTI KERINIA has been supported by activists writing in from as far away as Australia, Greece and all over the United States.
