One next to the other (Saint Justin Popovich)

[Ξένες γλώσσες / In English](#)

Consider all the universes, all the worlds there are, all the beings. Down with all the hearts, the minds, the lives, the immortalities, the eternities. Because without

Christ all of them are hell for me, one hell on top of another. They're all innumerable and interminable hells, in height, breadth and depth.

Saint Justin Popović
